To Whom It May Concern:

Being a first-time user of the services offered by CBSS, I wanted to express my sincere gratitude by the thoroughness of the information, and professionalism of the response extended by your Regional Manager, Mr. Clayton Allan.

Through "Clay's" guidance, I was able to make informed decisions when submitting the profile selection worksheet—which was comprehensive and informative. The expeditious response with our student list was equally impressive, and follow up contacts were timely and pertinent.

Most noticeably, Clay demonstrated utmost sensitivity to our institutional goals and budgetary considerations, while providing outstanding client service. The entire relationship with CBSS has been superior, and we look forward to cultivating future efforts.

Should you have specific questions, please call me direct at 402.826.8242.

Sincerely,

Cezar O. Mesquita, M.A.
