

Vince Giambalvo and Ken Barone at CBSS have been wonderful to work with. The data we purchased from them has been some of the most reliable that we have seen in years. When we first made the switch to use CBSS we were all a little hesitant but we have been very happy with the service and reliability. Every time we call for help we are treated as though we are their only customer. They take the time needed to make sure your institution is taken care of in the best possible way. It has been a pleasure to work with them over the past few years and I look forward to using their services in the future.
