December 18, 2007

Dear Lucretia:

Thank you for the excellent service you provide in the delivery of student prospects in a timely manner. One of the most beneficial services of College Bound Selection Service is your ability to non-duplicate the results which effectively helps us maximize our dollars.

Since 2002 I have been successful in utilizing CBSS to help our department meet our goals with the identification of prospects for our recruitment campaigns. I can truthfully say that CBSS is outstanding in responding to each request. It is very gratifying to work with someone who is professional, experienced and successful in what they do. You help us each year and we appreciate the communication you maintain to ensure that our needs are met.

Have a Merry Christmas and a Happy New Year!

Thanks,

Juella M. Tanner
