College Bound Selection Service
118 Congress St.
Belton, MO 64012

Dear Clayton,

I just wanted to write a quick note and thank you for your help with our name purchases. We are pleased with the response we have received and excited for how it will impact our enrollment in the future.

I also wanted to thank you for your willingness to work with us on our purchase. I realize that we are not your biggest customer but I never would have guessed it based on your helpfulness. You have constantly treated Trinity Christian College as though we were your only customer and have never pushed us to do more than we were comfortable with. In addition, your customer service has been second to none. Your attention to my needs and response time to my phone calls and emails have always been prompt and polite.

Thanks again for your help Clay. I appreciate your hard work and dedication to CBSS and wish you nothing but the best as you move forward. If I can ever be of any help by referring you and your company to other colleges and universities, please let me know.

Sincerely,

Jeremy Klyn
Director of Admissions
