To Whom It May Concern:

It is a pleasure to write this letter of support for Clayton Allen, President of College Bound Selection Service.

Truman State University has been a client of CBSS for over two years. During that time, I have been repeatedly impressed with the high level of customer service provided by Clayton. We especially appreciate his diligence in identifying parameters that specifically match Truman's needs and the historical data provided for use in our decision-making. His consistently positive attitude and supportive nature make collaborating with Clayton pressure-free and enjoyable.

CBSS has proven to be a valuable supplement in our search strategy because of the detail which is applied against data from our other search sources. There is never a worry about purchase duplication with CBSS services. The company's philosophy is to provide quality at the best price and we have seen that borne out time and again. Utilizing the services of CBSS has allowed us to achieve the most robust search possible within the parameters of our defined resources.

Please feel free to contact me if I may provide additional information about College Bound Selection Service and/or Clayton Allen.

Cordially,
